

"Everything is energy and that's all there is to it. Match the frequency of the reality you want and you cannot help but get that reality. It can be no other way. This is philosophy. This is Physics."

"If others often plague thee  
And do or say evil of thee,  
Think also they came here  
Without having asked for it.  
Think, though you may not like it,  
You, too, plagued others often.  
As this cannot be altered,  
Think gently of everyone."

-Albert Einstein
